Step 1: Define the User Flow

1. **Identify Key Screens:**
 - Event Listing Screen
 - Event Details Screen
 - Registration Form Screen
 - Payment Screen
 - Confirmation Screen
2. **Map the User Journey:**
 - User browses events
 - Selects an event
 - Views event details
 - Fills registration form
 - Completes payment
 - Receives confirmation

Step 2: Create Storyboards Using Balsamiq

1. Install Balsamiq from the official website
 2. Open Balsamiq and create a new project
 3. Add wireframe screens for each key screen
-
4. Design UI using components like buttons, text fields, and images
 5. Arrange screens and connect them to represent flow

Example Screens for Event Registration System
